Cut Flowers ~ Potted Plants

We Deliver

Spring Blossoming Bulbs

Plant any time between September first and freezing time. Plant Tulips 4 inches deep and 4 to 6 inches apart.

Bulbs should be lifted every second or third year, divided and reset, as they increase rapidly.

Early Spring Tulips

Blossoming time of these tulips is during the month of April. They are particularly good for window boxes, as the shorter stems and brilliant colors make possible a good mass effect.

Price per 100 is seven times the dozen rate.	Doz.

Perennial Plants

We grow perennial plants of all kinds. These are best transplanted in fall or early spring, while plants are dormant.

Annual Plants

We grow annual plants of all kinds for bedding out in spring.

Potted Plants

We carry a good line of potted plants in our green house during the winter.

Baskets

We make our own baskets which we have on hand, or will make to order upon request.

Funeral Work

Try us for funeral designs and see if you are not satisfied. We strive to give personal thought and care to each order at most reasonable prices.

Visitors Welcome

You are cordially invited to visit the garden at any time.
